Car rental tips

This is an important notice to make your car rental a smooth experience.

In order to provide you with the most transparent information on the price of your car rental services, we have listed on your voucher what the price paid to Auto Europe includes and what it does not include. Terms and conditions vary by country, so we have listed any local fees that you might be liable to pay to the car rental company at time of vehicle collection. These are the only mandatory fees or services you are required to pay locally to the car rental company.

The actual car rental company listed on your voucher might give you the option to purchase equipment (such as GPS unit, child safety seat, ...), prepaid tank of gas or additional insurances. Unless they are listed as mandatory on your voucher, these items are optional and you may choose to purchase them or not. If you are unsure or require further information, you should contact us at time of vehicle pickup on our toll free number, 24 hours a day, on the number listed below (see Terms and Conditions section). Auto Europe cannot accept liability for items purchased locally.

At time of pickup, we also strongly recommend that you check that the condition of the vehicle is adequately reflected on the rental agreement and that any pre-existing damage is indicated. Should you expect to be delayed for the pickup of the vehicle, you should also contact us to ensure your vehicle can be confirmed after the scheduled timing.

It is also your responsibility to be aware of the local driving laws and local tolls or stickers required for any country you are traveling into. Again, you can call Auto Europe on our toll free number at any time for advice and assistance.

Finally, we strongly recommend that you request and review a copy of the rental agreement in English, wherever the car rental company can produce one.

We wish you safe travels and hope you enjoy your car rental.
